"Cat Scratch Fever" is a rock song by Ted Nugent that appears on the album of the same name. The song is well known for its signature riff, which is a 3-tone minor-key melody harmonized in parallel fourths. In 2009, it was named the 32nd best hard rock song of all time by VH1.

### **Cat Scratch Fever (song) - Wikipedia**

Cat-scratch disease (CSD) is an infectious disease that results from a scratch or bite of a cat. Symptoms typically include a non-painful bump or blister at the site of injury and painful and swollen lymph nodes. People may feel tired, have a headache, or a fever. Symptoms typically begin within 3-14 days following infection.

At twilight in the summer there is never anybody to fear in the chambers and at that hour the mice come out. They do not eat parchment or foolscap or red tape, but they eat the luncheon crumbs.

### **cat - Wiktionary**

Three major fever types have been described including sustained/continuous fever, intermittent fever and remittent fever. Figs 2 and 3 illustrate these major fever patterns. Continuous or sustained fever is defined as fever that does not fluctuate more than about 1 °C (1.5 °F) during 24 h, but at no time touches normal. Continuous fevers are characteristics of lobar and gram-negative ...
