The Java collections framework (JCF) is a set of classes and interfaces that implement commonly reusable collection data structures.. Although referred to as a framework, it works in a manner of a library. The JCF provides both interfaces that define various collections and classes that implement them.

Lambeth Palace Library has separate online catalogues for its collections of printed books, and archives and manuscripts. The online printed books catalogue includes over 130,000 items held by the Library, including the entire collections of printed books, prints and periodicals. It does not generally contain records for the Sion College collections, for which card catalogues are available.
