Millennials: Confident. Connected. Open to Change Executive Summary. Generations, like people, have personalities, and Millennials – the American teens and twenty-somethings who are making the passage into adulthood at the start of a new millennium – have begun to forge theirs: confident, self-expressive, liberal, upbeat and open to change.

Parenting or child rearing is the process of promoting and supporting the physical, emotional, social, and intellectual development of a child from infancy to adulthood. Parenting refers to the intricacies of raising a child and not exclusively to the biological relationship. The most common caretaker in parenting is the biological parent(s) of the child in question, although others may be an ...

Helping children cope. There are lots of ways you can help your child to cope during challenging or worrying situations. You might like to: Listen and talk to your child. Help them to identify their concerns or worries and acknowledge how they are feeling. For example, you could say, "It sounds like you are worried about who you will play with at school tomorrow." (For more information on ...
