### **ham radio for beginners pdf**

Amateur radio, also known as ham radio, describes the use of radio frequency spectrum for purposes of non-commercial exchange of messages, wireless experimentation, self-training, private recreation, radiosport, contesting, and emergency communication. The term "amateur" is used to specify "a duly authorised person interested in radioelectric practice with a purely personal aim and without ...

well as some of the SDR receivers in the \$500-600 class. I can attest that it is a fantastic SDR Receiver! HF coverage is between 9 kHz - 31 MHz.

## **The GRAY LINE REPORT**

The GRAY LINE REPORT Mission. AMSAT's goal is to foster Amateur Radio's participation in space research and communication. The Organization was founded to continue the efforts, begun in 1961, by Project OSCAR, a west coast USA-based group which built and launched the very first Amateur Radio satellite, OSCAR, on December 12, 1961, barely four years after the launch of Russia's first Sputnik.
