That means leaders should ask themselves if they lead with their heads, hearts or hands. Heart, Head and Hands The Coach (Heart-dominant): Strengths. Encourages people to join in discussions, decisions. Steps in to resolve process problems, such as conflict. Listens to all viewpoints. Recognizes and praises others for their efforts.

Do You Lead With Your Head, Your Heart or Your Hands

This is the ultimate head-versus-heart dilemma. Choosing what you want to do for the rest of your life is difficult, especially because, as humans, we're inclined to change our minds -- a lot.

4 Times Choosing Between Your Head And Heart Is

Living inside your head all the time is actually not much fun! While the mind is the content of who you are, your heart is your essence. Your true heart is not subject to chaos or limited by pain, fear and neuroses, but is joyful, creative and loving. Some believe the heart can be too uncertain and even misguided, but that is the head talking!
