Philosophy Children are natural learners. A fundamental premise of unschooling is that curiosity is innate and that children want to learn. From this an argument can be made that institutionalizing children in a so-called "one size fits all" or "factory model" school is an inefficient use of the children's time, because it requires each child to learn specific subject matter in a particular ...

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for Kâ€“12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...
