Decapitation is the complete separation of the head from the body. Such an injury is fatal to humans and most animals, since it deprives all other organs of the involuntary functions that are needed for the body to function, while the brain is deprived of oxygenated blood and blood pressure.. The term beheading refers to the act of deliberately decapitating a person, either as a means of ...

The term "death by sawing" indicates the act of sawing a living person in half, either sagittally (usually midsagittally), or transversely. Thus, decapitation by sawing or dismemberment by sawing are tangential sub-themes, though some ambiguous cases might be included. Death by sawing was a method of execution reportedly used in different parts of the world.
