Permission is granted to freely copy, adapt, and distribute individual Study Guides in print format in non-commercial educational settings that benefit learners.

Study Guides and Strategies

Language learning strategies is a term referring to the processes and actions that are consciously deployed by language learners to help them to learn or use a language more effectively. They have also been defined as "thoughts and actions, consciously chosen and operationalized by language learners, to assist them in carrying out a multiplicity of tasks from the very outset of learning to ...

STRATEGIES TO INCORPORATE ACTIVE LEARNING INTO ONLINE TEACHING

After reading this article, I now have a better appreciation of how important it is to understand information processing. I appreciate the simplicity and the clear and concise explanation of how the instructional designer can facilitate learning how to learn by incorporating the suggested strategies.

Metacognition And Learning: Strategies For Instructional

Success in second language learning is often related to the concept of "motivation". Motivation is the most used concept for explaining the failure or success of a language learner. Second language (L2) refers to a language an individual learns that is not his/her mother tongue, but is of use in the area of the individual. It is not the same as a foreign language, which is a language ...

John Hattie developed a way of synthesizing various influences in different meta-analyses according to their effect size (Cohen's d). In his ground-breaking study "Visible Learning" he ranked 138 influences that are related to learning outcomes from very positive effects to very negative effects. Hattie found that the average effect size of all the interventions he studied was 0.40.
