The Beat Generation was a literary movement started by a group of authors whose work explored and influenced American culture and politics in the post-World War II era. The bulk of their work was published and popularized throughout the 1950s. Central elements of Beat culture are rejection of standard narrative values, making spiritual quest, exploration of American and Eastern religions ...

This is a well-written book presenting a hedging system that uses stocks, warrants and other convertible securities. The hedging system was invented almost 50 years ago when there were very few hedge funds (allegedly the author's hedge fund was one of the first using such a system), so I don't know if this system still works.
