All of these situations have led to the development of numerous online patient communities such as: PatientsLikeMe – The largest online patient community, spanning 500,000 members 5 and covering over 2,500 conditions. It partnered with the National Quality Foundation to leverage social media to assess the quality of life in communities with multiple sclerosis (51,000 members), chronic ...

How Social Media is Transforming Pharma and Healthcare

Definition and associated terms. When Carl Linnaeus introduced the rank-based system of nomenclature into biology in 1735, the highest rank was given the name "kingdom" and was followed by four other main or principal ranks: class, order, genus and species. Later two further main ranks were introduced, making the sequence kingdom, phylum or division, class, order, family, genus and species.
