Noun []. amateur (plural amateurs) (now rare) A lover of something.2006, John Hailman, Thomas Jefferson on Wine, University of Mississippi 2006, p. x: he conducted extensive correspondence on wines with European suppliers, employing a wine vocabulary familiar to any modern amateur of wines.; A person attached to a particular pursuit, study, or science as to music or painting; especially one ...

amateur - Wiktionary

Fringe science is an inquiry in an established field of study which departs significantly from mainstream theories in that field and is considered to be questionable by the mainstream.. Fringe science may be either a questionable application of a scientific approach to a field of study or an approach whose status as scientific is widely questioned.. For mainstream scientists, attributes of ...

Fringe science - Wikipedia

The Amateur Scientist was a column in the Scientific American, and was the definitive "how-to" resource for citizen-scientists for over 72 years (1928â€“2001), making it the longest running column in Scientific American ' s history. The column was regarded for revealing the brass-tacks secrets of research and showing home-based experimenters how to make original discoveries using only ...

Teams spend countless hours training for set pieces, both defending and attacking. This is because set pieces offer a valuable opportunity to score a goal. Of these, corner kicks provide an uncontested opportunity for the attacking team to play the ball across the goal and to execute a close range shot. A goal scored this [â€¦]
